The CAP Index Proximity Analysis is based on US data and other public records in the geographic area under review. Although these data and public records are considered highly reliable, CAP Index, Inc. is not able to vouch for their completeness or accuracy. Nevertheless, our statistical analysis as expressed in Reports, Maps, loss experience validations or other services must assume that these data, as recorded and compiled by the various governmental agencies and other sources, are in fact complete and accurate.

# Proximity Analysis Report

for

XYZ Philadelphia

Study includes proximity to 19 site descriptions shown below
